Pure fucking panic. That’s what’s going on. (media.patriots.win)

rattled. POTUS supposedly out the door in a matter of days and they are busy drafting impeachment articles? Begging military leaders not to listen to him? Banning him and his followers from every social media channel?

Isn't Sleepy Joe's inauguration supposedly right around the corner?

What the hell is going on?

Google just removed Parler from the Play Store... Apple isn't too far behind. Parler was funded by Dan Bongino, and got huge starting Nov 4. I don't think they're controlled op.

Parler isn't the GOP RINOs. Parler is a separate group of conservative leaning people that setup their own third party area where they could be big fish in a little pond. At one point Brad Parscal talked to them while he was still with Trump but apparently they didn't like what they heard. Months later Dan Bongino threw his weight behind Parler because he INVESTED. They want to cash in on the fall of Twitter and could care less if it helps the movement, or free speech, etc. Its all lip service.

But listen the math is SIMPLE. They have left Parler alone because Parler hasn't pissed them off yet. Today they demanded Parler fall in line. The head guy John something said no F U. Within hours google and apple are removing their app from the stores. Next they will remove their domain DNS. They will get them kicked out of their cloud server farm... and on and on. Parler won't last a week. The whole site will be down. Done. Finished.

Gab went through all this BS in waves and each one was a huge pain in the ass for everyone. Parler is going to get the full treatment all in one week and it will get crushed like an aluminum can.

9 ▼ DNC? He's been running the show down here for thousands of years:

10 Then I heard a loud voice in heaven say:

"Now have come the salvation and the power and the kingdom of our God, and the authority of his Messiah. For the accuser of our brothers and sisters, who accuses them before our God day and night, has been hurled down. 11 They triumphed over him by the blood of the Lamb and by the word of their testimony; they did not love their lives so much as to shrink from death. 12 Therefore rejoice, you heavens and you who dwell in them! But woe to the earth and the sea, because the devil has gone down to you! He is filled with fury, because he knows that his time is short."

13 When the dragon saw that he had been hurled to the earth, he pursued the woman who had given birth to the male child. 14 The woman was given the two wings of a great eagle, so that she might fly to the place prepared for her in the wilderness, where she would be taken care of for a time, times and half a time, out of the serpent's reach. 15 Then from his mouth the serpent spewed water like a river, to overtake the woman and sweep her away with the torrent. 16 But the earth helped the woman by opening its mouth and swallowing the river that the dragon had spewed out of his mouth. 17 Then the dragon was enraged at the woman and went off to wage war against the rest of her offspring—those who keep God's commands and hold fast their testimony about Jesus.

They want Trump to be the new Hitler. History won't rewrite itself here. That takes a lot of effort.

That said, my interest is still somewhat piqued though. Something doesn't quite make sense.

They've "won", right? Why impeach? Not even two weeks left. Fat chance anything he does now would matter, right?

He's going to order the military to intervene? But they said the military leadership doesn't support him anyways. That would fall flat

They just want to twist the knife a little more for optics? Then why the rush? They have ALL of the time in the world to perp walk him and have a kangaroo court trial after Biden steps in. It'd be their own Nuremberg Trial in their eyes.

No, something is off here. Intel disinfo? Probably some of it, but actions don't lie. They're acting like there's a fight brewing. Like they tried to sucker punch him as he walked out the door and now the man is turning around slowly, quietly about to open a can of whoop-ass on them. This may be that "oh shit" moment where we see Lion Trump emerge. Or not. Hard to say. I would like it though.

You can if you're a Democrat. See Joe Morrissey. It was Virginia state House, but I'm sure it would still apply to US Senate. He was allowed out on work release during the day and returned to prison for night.

Some more details for those not familiar because it really is unbelievable. He had a sexual relationship with his 17 year old aide (he was in his 50's), lied about it of course, eventually resigned and was sentenced to 6 months in prison. But then he ran as an independent in the special election to fill his vacated seat. And he won easily, while in prison for having sex with a minor. Dem voters actually prefer their Dems to be criminals. He also had numerous other lesser crimes, most of which were dropped probably because he's a Dem. He then ran for state Senate but had to drop out because he didn't live in the district he was running for. He ran again in 2019 and won, so this shitbag is currently serving in Virginia's senate. He also married the aide when she was 20 and had a kid with her when she was 19 (which he denied was his at first), so this proves any of his original denials of a relationship were a lie.

It's not enough that they've won, they want it to hurt. They want to crush the resistance into ash, and then piss on the ashes. They want opposition absolutely obliterated.

Let's suppose that Biden is inaugurated.

What happens if 50% of the country investigates and discovers 90% proof that he stole the election?

What happens if they continually put pressure on State and local Governments about it?

How long will they hold out in the face of protests, riots, etc with this evidence?

How long before impeachments, recalls, and/or violence begins to swing things against them?

This is not over even if Biden becomes President. NEVER GIVE UP ON THE TRUTH. NEVER SURRENDER.

2 ▼ I'm of two minds about this:

My first thought is this is all theater to try to warp the minds of those who watch the alphabet media. THEY are being primed to attack US.

My second thought is that these idiots really are scared of GEOTUS, and they are really scared of US. I mean, they have reason to be. But this is off the edge insanity.

I'm going with the fear. Cowards always lose their minds when the powerless suddenly show up with power (that they possessed all along, of course).

That's what they're scared of.

Though tbh, I'm doubtful as to how much he would accomplish even if impeachment wasn't happening.
